Water Conservation Specialists  
Established 1979

Leak Surveys • Leak Pinpointing • Utility Location • Hydrant Flow Testing • Water Main Flushing  
Valve Assessment Programs • GPS-GIS Mapping Surveys • Location Equipment Sales and Expert Training

## Emergency Water Main Break? Leak Survey? Utility Location? Call ATS Anytime – Day or Night

### Scheduled and Emergency Leak Pinpointing Services:

- **ATS Emergency 24-Hour Hotline** is manned by trained **ATS Technicians**
- Our large **Fleet of Fully-Equipped Leakmobiles** is ready for **Fast Response** anywhere in the Midwest.
- Unsurpassed, documented **96% accuracy in the first excavation** since 1979.

- All leaks are ultrasonically detected and pinpointed with computerized **FCS and SEWERIN Leak Correlators**. Suspect water lines traced with **Radiodetection Locators** to ensure the highest possible pinpointing accuracy. **ATS** accurately pinpoints leaks in the toughest situations that other firms miss.

### Choose the Leak Survey that best fits your system needs and budget

- Comprehensive System-Wide Leak Surveys
- Multi-Year Partial & Full System Leak Surveys
- Street Resurfacing Surveys – *Economical leak survey before your streets get resurfaced*
- Economy & Emergency Surveys
- Pilot Survey of a Specific Area

### Utility Location Services and GPS Asset Location Survey Programs

- **ATS uses Radiodetection, Schonstedt, Juniper & Trimble utility location equipment**
- **Accurate locating of every type of underground utility – Anytime Day or Night**
- **JULIE Locates - ATS can be your primary location service provider or assist your crews**
