

ATS Launches New Professional Services

Water Conservation Specialists
Established 1979

Leak Surveys • Leak Pinpointing • Utility Location • Valve Assessment Programs
GPS-GIS Mapping Surveys • Location Equipment Sales and Expert Training

ATS has been a leader in infrastructure services since introducing the first leak noise correlator to the water industry in 1979. While working in 20 states across the USA, we have established ourselves as one of the best in the business, when it comes to Leak Location Surveys, Leak Pinpointing, Utility Location Services, Equipment Sales and Training.

ATS is proud to introduce our newest professional service offerings with the same commitment to outstanding accuracy, availability and quality that you've come to expect from **ATS**. You can count on **ATS** to be there fast whether you need service for just one appurtenance, just one area, or your entire system at very competitive and cost-effective rates.

ATS has purchased the best equipment that **E.H. Wachs** offers. Every **ATS Technician** is factory trained, experienced and will do everything possible to make sure that the job is done right. It's the same commitment to excellence that we have had for the past 43 years.

Valve Operation and Maintenance Programs:

Make sure all your mainline valves operate properly when you need them the most.

All valve exercising services are performed by hand and with our new trailer mounted **E.H. Wachs ERV-750 Automated Valve Exercising System** for large and small valves.

- Locate, inspect, assess & exercise every designated distribution valve.
- Identify problematic valves for maintenance & repair.
- Digitally document detailed valve operation data.
- Annual Programs and Emergency Services are available 24/7

GPS / GIS Appurtenance and Utility Location Services:

- **ATS** only uses the **Industry's Best Utility Location Equipment.**
- **Radiodetection RD7200 & RD8200 Utility Locators**
- **Radiodetection, Schonstedt & CST Berger Metal Locators**
- **Juniper & Trimble sub-meter GNSS systems**

ATS Leak Location and Utility Location Services:

- Unsurpassed results and documented 96% accuracy since 1979.
- Fast response 24 hours a day / 365 days a year.
- Full Range of Services available throughout the USA.
- Utilizing **FCS & Sewerin Leak Correlator Systems**
